i want you guys to go ahead and open up safari and we're going to visit this website here called tweakvip.com so visit tweakvip.com tweakvip literally allows you to go ahead and actually get this stumbled guys mod installed to your device so tweakvip.com exactly like that guys and you're gonna see the search thing here go search and just type in stumble and you're gonna see Operate Now Hospital mod ios and android install by tweak vip so that's exactly what you want to see you're going to see this little arrow just click on the arrow well on this perfect and it's going to come up here look should look like that and you want to go ahead and press start install and what that's going to do is go ahead and actually install the Operate Now Hospital mod to your device now give it some time some time sometimes this button doesn't work and it's like laggy in a way but should work hopefully it installs okay if you get this problem

now this sometimes happened because there's a lot of people actually installing it just give it a refresh and we should go ahead and do this press start install and there we go so yeah sometimes you'll get an error like that where it won't actually begin to install there's a lot of people downloading and installing it so make sure you go ahead just give it a refresh type it again and you should be all good because that's all good so as you guys can see it just says downloading the Operate Now Hospital mod so we wait for this to finish um and then we should be all good to go so yeah it says installing cool and guys remember this is on tweak vip.com alrighty

so as you guys can see here nearly done installing um it should look like a white box like this and if you're on android it's completely the same obviously on an iphone right now so but yeah it should be exactly the same it should be working for you guys so what it's going to do it's going to load to a new page right here and going to be like hey to actually get this you're going to have to take it to um the Operate Now Hospital mod installer and it's gonna have a list of things you gotta do i think you only need two of them for this to work and you can go ahead and get the Operate Now Hospital mod installed so once you guys have done that i've already done that i'm not gonna do that again but make sure you do like two to three of them get to work once you guys have done that you just want to go back into Operate Now Hospital load it in and wait for it to load yeah and as you guys see you just load back into the game and you'll have all those Golden Hearts loaded into your game so i hope you guys have enjoyed this tutorial if you need any help be sure to drop a comment below i can help you guys out it's been a blast hope you guys enjoyed and if you need any help drop a comment below i can help you guys out thanks so much for watching peace

Operate Now Hospital Cheats frequently carry monsters to their deaths on battlefields, but once exhausted, they will be unable to return for an extended period of time. Operate Now Hospital hack, on the other hand, likes to flee, but it always returns soon after. When the hunter is in danger, the cheat who loves its owner will try to divert the monster. Pacifists see past all of the world's conflicts. When confronted with monsters, Operate Now Hospital Cheats will neither fight nor flee, but will instead collect resources on their own. This working Operate Now Hospital hack is ideal for iOS users who do not want to use human verification.

Kitka Games created the app Operate Now Hospital. For Android users, this app is available on the Google Play Store. More than 1 million people have downloaded this app, and you can join them. This app is rated 3+ for everyone and has a lot of interesting features. One of the most massive knockout games to play is Operate Now Hospital. This app can support up to 32 different players online at the same time. These players will struggle to complete a series of increasingly chaotic levels. The game will continue until only one game is left. Can you avoid slipping in this game?

Operate Now Hospital is a multiplayer battle royale game developed by Kitka Games. This is a fun game that can be played with friends, family, or partners. In Operate Now Hospital, players will be placed in a room with 32 other players and will compete to meet the quota for each match. To become a winner or champion, players must complete three different maps chosen at random by the system. In each map, players must pass the qualification to the last 16, and the top 8 to the final map, where only one player will qualify and become the champion.
